

PayBridge Overview

PayBridge™ is a national provider of integrated payroll services. Partnering with local trusted advisors, PayBridge offers clients an enterprise-smart™ solution that integrates payroll with a wide variety of business services; a user-friendly, web-based interface; and unparalleled customer support.

Spend more time growing your business...

PayBridge's enterprise-smart™ payroll system provides an integrated approach to payroll, retirement, and HRIS. Offering a suite of integrated solutions that are secure, unified, web-based and real-time, PayBridge provides speed and convenience, increases accuracy by eliminating inefficiencies in data capture and processing, and keeps you compliant with federal, state and local regulations.

PayBridge offers:

- **A single database** unifying payroll, HRIS, and timekeeping.
- **Database tracking**—information is updated once, and is instantly manipulated in related files.
- **User definable roles** for payroll, HR, employee.
- **Web-based payroll verification and processing** in minutes from anywhere, anytime.
- **Time-saving payroll and benefit integration.**
- **Web-based timekeeping.**
- **Employee self-service** for benefits enrollment.
- **Automated** vacation and sick accruals.
- **Automatic enrollment notification** for participants in 401(k) and health insurance plans.
- **Peace of mind** through compliance with payroll/tax-related federal, state, and local regulations

Through our unique perspective and innovative approach, PayBridge strives for long-term client retention, improved service, reduced operation and oversight time, lower payroll fees, compliance and pricing transparency.
